

# ANNUAL REPORT

2017 - 18

**KARNATAKA HEMOPHILIA SOCIETY,  
DAVANGERE**

**VISION:HEMOPHILIA WITHOUT DISABILITY, CHILDREN FREE OF PAIN.....!**

## INTRODUCTION

**Karnataka Hemophilia Society, Davangere (KHS)** is a Non Profit Organization working for the welfare of Person with Hemophilia (PwH) and related Bleeding Disorders since 1989. It is registered under Society's Act, 1860 and affiliated to Hemophilia Federation India (HFI), New Delhi, which is a satellite body of World Federation of Hemophilia (WFH), Canada. KHS has identified 655 PwH till now & providing Diagnosis, Treatment and Rehabilitation services to the patients referred from different parts of the state, mainly from the Districts of Central and North Karnataka. KHS is successful in Advocating with State Government, Philanthropists, Institutions and Celebrities & mobilized support to build "**Karnataka Hemophilia Care & Hematology Research Centre**", equipping Diagnostic Laboratory, Blood Bank, Physiotherapy Unit, OP/IP Ward, Female Ward, Nurse Coordinator Section, Infusion / Transfusion Unit, Counselling / Rehabilitation Unit, Administrative Section, Library & Training Hall.

KHS organises Seminar, Workshops & Training programs for Medical and Para Medical Professionals to update the management of Hemophilia. KHS support poor Children with Hemophilia in the form of Scholarships to encourage them for good education, thereby placement in good jobs to lead productive life.

KHS has established **Life Line Blood Bank** to provide safe Blood & Blood Component transfusion Services to the needy patients of Davangere at subsided cost in general & free of cost to Patients with Hemophilia / Thalassemia / HIV & other rare bleeding disorders so as to realize our vision of "Care for Blood Disorders under one roof". Promotion of 100% voluntary Blood Donor motivation programs & training of Medical & para medical professionals in "Blood Safety" are ongoing programs.

## MILESTONES OF KHS

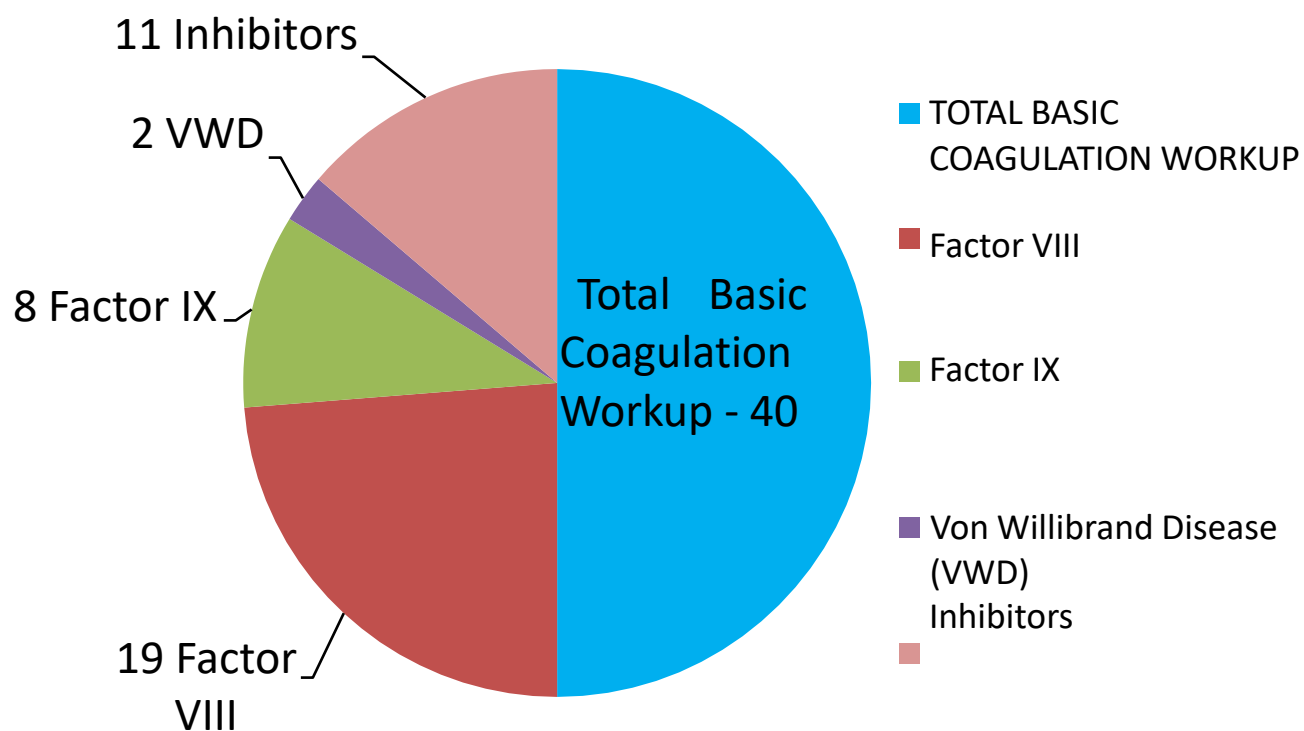

1983-84	Started as <i>Self-help group</i> with 9 patients.
1989	Registered under Societies Act 1860 & affiliated to HFI, New Delhi.
1991	First International Workshop (Dr. Lilly Heijnen, Holand).
1996	Kusuma-96, first fund raising event at Davangere.
1999	Kusuma-99, Music Concert by Dr. S P Balasubrahmanyam (SPB) at Davangere to raise funds.
2000	100x140 Sqft land allotted by DUDA, the cost donated by Smt. Kiruvadi Girijamma
2001	3 days National level workshop/AGM of HFI.
2003	State level training of doctors at training Institute, Bengaluru in collaboration with KSAPS/KSBTC.
2004	Kusuma – 2004, Music concert by Smt. Sangeetha Katti Kulkarni to raise funds at Davangere

2017	“Niranthara” Project with Dhvani Foundation, Bengaluru for strengthening capacity building of KHS
2017	Networking with District Disability Rehabilitation Center (DDRC), Davangere to serve 21 disabilities under one roof

## BASIC COAGULATION WORKUP ANNUAL REPORT

From 1<sup>st</sup> APRIL 2017 - 31<sup>st</sup> MARCH 2018

### BASIC COAGULATION WORKUP

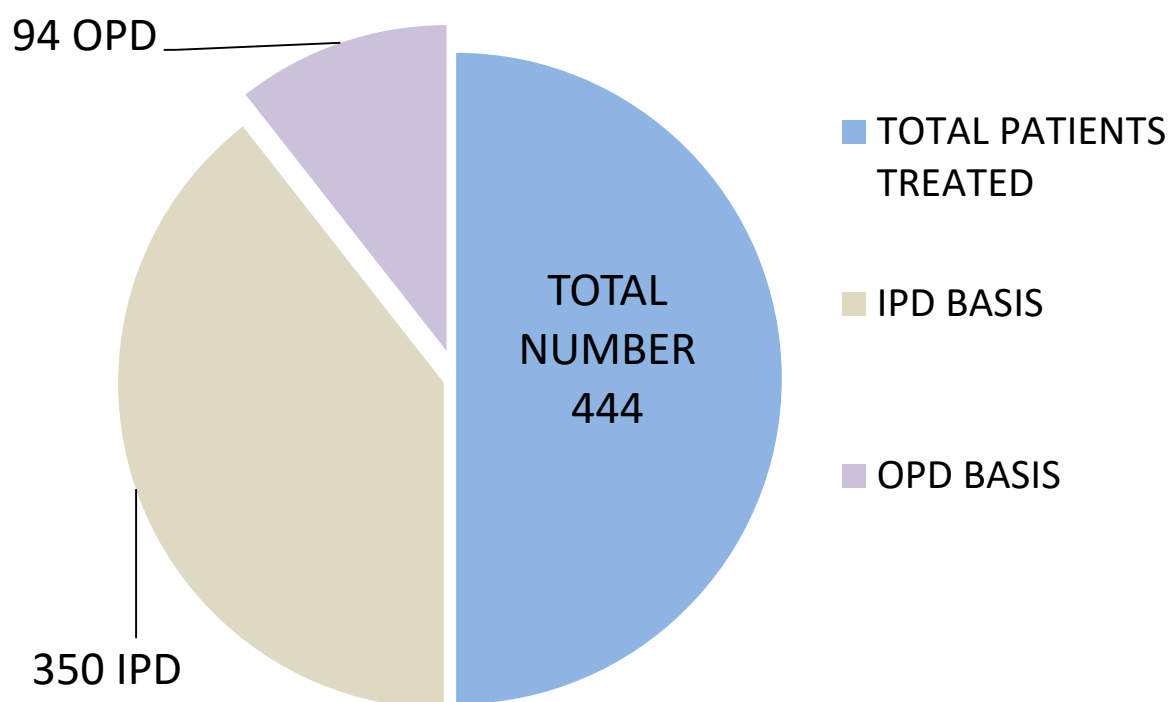

<b>Total Basic Coagulation Workup</b>	<b>40</b>
Factor VIII deficiency (Hemophilia – A)	19
Factor IX deficiency (Hemophilia – B)	08
Von Willibrand Disease (VWD)	02
Inhibitors	11

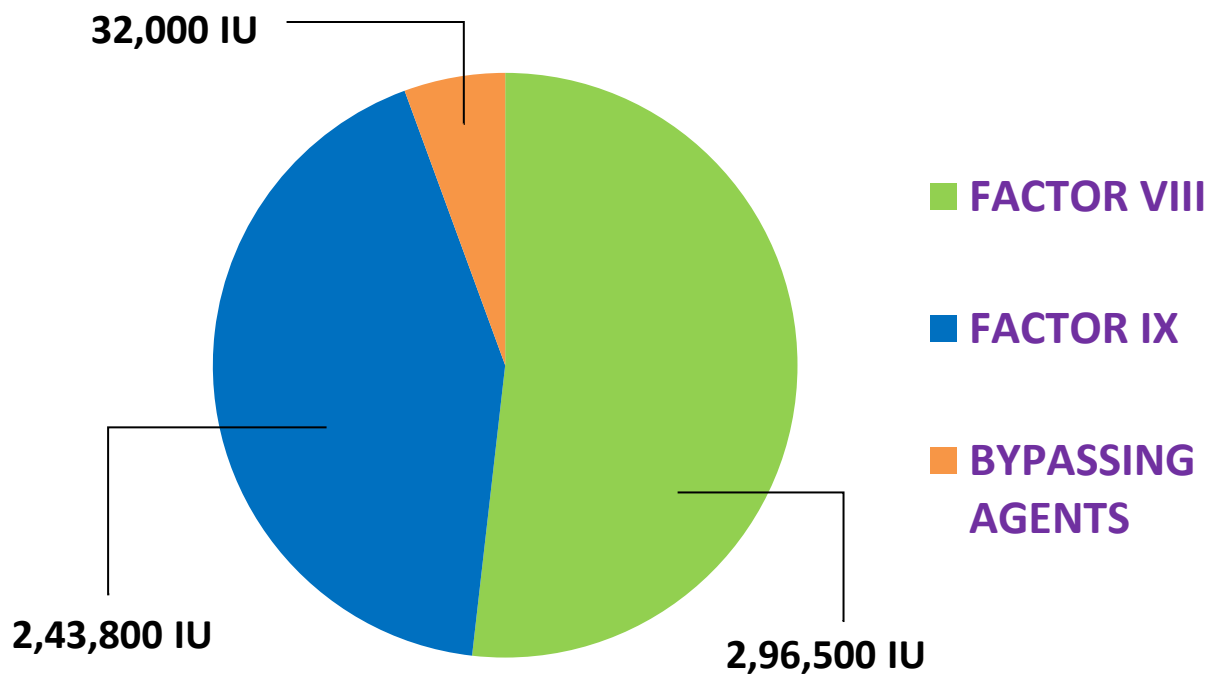

**TREATMENT SERVICES ANNUAL REPORT**  
**From 1<sup>st</sup> April 2017 – 31<sup>st</sup> March 2018**

TREATMENT SERVICES	
TOTAL NUMBER TREATED	444
TREATED ON IPD	350
TREATED ON OPD	94

**ANNUAL UTILIZATION OF AHF  
FROM 1<sup>ST</sup> APRIL 2017 – 31<sup>ST</sup> MARCH 2018**

**Pseudotumour Surgery at City Central Hospital  
In Coordination with KHS, Davangere.  
(Dr. Anil Nelivigi, Orthopaedic Surgeon, Dr. Srinivas, Anaesthetist & their team)**

Name of the patient : Jagadish Badiger  
Factor deficiency and level : Factor VIII (<1 %)  
Age : 38 Years  
Address : S/o Theerthappa Badiger, Hemmiganoor, Kachivi, Hirekerur (T), Haveri (D).  
Date of admission : 02.01.2018  
Date of discharge : 21.03.2018  
Complaints : swelling of left thigh since 3 months & increased since 15 days on fell down from Bike.

Mr Jagadish S/o Mr Theerthappa Badiger, 38 years old PwH with severe Factor VIII deficiency presented with swelling of left thigh since 3 months & increased since 15 days on fell down from Bike. After inhibitor screening, AHF infusion was given. On radiological examination, he was diagnosed with "Pseudo tumour". As the swelling was increasing, we discussed with senior orthopaedic surgeon, Dr Anil Nelvigi to plan for amputation under *WFH humanitarian AHF support*.

DATE	NOVO EIGHT
02.01.2018	500IU X 6 Vials = 3000 IU
03.01.2018	500 IU X 2 Vials + 1000 IU X 1 Vial + 250 IU X 1 Vial = 2250 IU
04.01.2018	500 IU X 1 Vial + 250 IU X 1 Vial = 750 IU

His surgery was scheduled on 8.2.2018 at City Central Hospital He was screened for inhibitors & found negative. He was counselled & assured the possible support from KHS for his rehabilitation.

<b>PREOPERATIVE DATE &amp; ELOCTATE INFUSED</b>	08.02.2018	750 IU X 3 VIALS
<b>OPERATIVE DATE &amp; ELOCTATE INFUSED</b>	08.02.2018	750 IU X 2 VIALS

**POSTOPERATIVE MANAGEMENT:**

DATE	ELOCTATE
09.02.2018	750 IU x 2 vials = 1500 IU
10.02.2018	750 IU x 2 vials = 1500 IU
11.02.2018	750 IU x 1 Vial = 750 IU
12.02.2018	750 IU x 1 Vial = 750 IU
13.02.2018	750 IU x 1 Vial = 750 IU
14.02.2018	750 IU x 1 Vial = 750 IU
15.02.2018	750 IU x 1 Vial = 750 IU
16.02.2018	750 IU x 1 Vial = 750 IU
17.02.2018	750 IU x 1 Vial = 750 IU
18.02.2018	750 IU x 1 Vial = 750 IU
20.02.2018	750 IU x 1 Vial = 750 IU

Physiotherapy was started on 24.2.2018 & discharged on 21.03.2018. He is waiting for his artificial limb. We thank World Federation of Hemophilia & Hemophilia Federation (India) the support in enabling us to manage his surgery successfully. We sincerely thank Dr. Anil Nelivigi & Dr. Srinivas & his team for conducting the successful surgery.

## PSEUDOTUMOUR SURGERY OF JAGADISH

**Open Reduction and Internal Fixation Surgery at Chigateri General Hospital  
In Coordination With KHS, Davangere.  
(Dr. Prabhu Basavana Gowda, Orthopedic Surgeon and his team)**

Name of the patient : Pavan  
Factor deficiency and level : Factor VIII (<1 %)  
Age : 16 Years  
Address : S/o Pandu, Near Panduranga Temple Bamboo Bazar  
Davangere  
Date of admission : 13/08/2017  
Date of discharge : 05/10/2017  
Complaints : H/o Road traffic Accident (RTA), followed by swelling  
and pain in the left thigh.

A 16 year old male patient came with H/o RTA near Kunabelekere on 13 August 2017 who had swelling, restriction of movement of left thigh. Immediate AHF 1000X2=2000 IU is infused at 3 PM and was referred to SSIMS as per the advice of casualty medical officer of CGH for further management. Orthopedic surgeon diagnosed to have fracture of right femur and tibia. We maintained AHF

DATE	NOVO EIGHT
14.08.2017	1000 IU X 2 VIALS = 2000 IU
16.08.2017	250 IU X 7 VIALS = 1750 IU
17.08.2017	250 IU X 8 VIALS = 2000 IU

Since patient was poor, he was shifted to Chigateri General Hospital for operative Management. Dr. Prabhu Basavanagowda Orthopedic surgeon, CGH and his team planned for surgery. Preoperative monitoring and investigation like inhibitor screening was negative and haemostatic maintenance dosage continued.

<b>PREOPERATIVE DATE &amp; NOVO EIGHT INFUSED</b>	31.08.2017	500 IU X 6 VIALS = 3000 IU
<b>OPERATIVE DATE &amp; NOVO EIGHT INFUSED</b>	01.09.2017	500 IU X 7 VIALS = 3500 IU
<b>POSTOPERATIVE DATE &amp; NOVO EIGHT INFUSED</b>	02.09.2017	500 IU X 4 VIALS + 250 IU X 1 VIAL = 2250 IU

Maintenance Dosage:

DATE	NOVO EIGHT
03.09.2017	500 IU X 2 VIALS + 250 IU X 1 VIAL = 1250 IU
04.09.2017	500 IU X 2 VIALS = 1000 IU
05.09.2017	500 IU X 2 VIALS = 1000 IU
06.09.2017	500 IU X 2 VIALS = 1000 IU
07.09.2017	500 IU X 2 VIALS = 1000 IU

Patient was stable, normal homeostasis achieved, wound healing was good. Patient was rehabilitated with physiotherapy and achieved good mobilization. He was discharged on 5th October 2017 with advice to come for follow up.

KHS wish to thank Dr. Prabhu Basavana Gowda and his team, Dr Neelambika H D Superintendent and Dr. Raghavendra Swamy, RMO, CGH for their kind cooperation and support.

## Open Reduction & Internal Fixation Surgery of Pavan

**Surgery Report at Bapuji Hospital**  
**In Coordination with KHS, Davangere.**  
**(Dr. Deepak Udupudi, General Surgeon & his team)**

Name of the patient : Mohamed Rafeek  
Factor deficiency and level : Factor VIII (<1 %)  
Age : Years  
Address : S/o Nabi Sab, Koodalasangama, Hungund (T), Bagalkot (D)  
Date of admission : 01.09.2017  
Date of discharge :  
Complaints : H/o Pain & Swelling in the left calf muscle (Acute Hematoma).

Mr. Mohamed Rafeek, S/O Nabi Sab 35 years old PwH came with severe pain & swelling in the left calf muscle since 1 week due to strain while climbing the JCB (Vehicle). He was infused with 1030 IU of KOATE (WFH) on 01.09.2017 & 480 IU on 02.09.2017. His Inhibitor test done & report was "Positive". As his Hb was 6.8 gms/dl, he got 1 unit of Whole Blood transfusion on 09.09.2017. But there was no improvement seen & pain was increasing. We decided to evacuate the clot & discussed with Dr. Deepak Udupudi, General Surgeon. On 12.09.2017 again his Inhibitor test was done & the report was "Positive". He was infused with novo seven 5 mg (Factor with Inhibitors) preoperatively & 5 mg for every 4 hours subsequently.

DATE	NOVO SEVEN (Factor with Inhibitors)
12.09.2017	1mg X 15 vials = 15 mg
13.09.2017	1 mg x 9 vials = 9 mg

DATE	FEIBA (Factor with Inhibitors)
14.09.2017	500 IU x 4 vials = 2000 IU
15.09.2017	500 IU x 4 vials = 2000 IU
16.09.2017	500 IU x 3 vials = 1500 IU

DATE	ELOCTATE (WFH) (Factor VIII, long acting)
18.09.2017	1500 IU x 2 Vials = 3000 IU
19.09.2017	2000 IU x 2 Vials = 4000 IU
20.09.2017	2000 IU x 1 Vial = 2000 IU
22.09.2017	2000 IU x 1 Vial = 2000 IU
23.09.2017	2000 IU x 1 Vial = 2000 IU
26.09.2017	2000 IU x 1 Vial = 2000 IU
27.09.2017	2000 IU x 1 Vial = 2000 IU

Bleeding stopped & he was on observation. Again bleeding started from the wound on 06.10.2017 & AHF replacement done.

DATE	ELOCTATE (WFH) (Factor VIII, long acting)
06.10.2017	2000 IU x 4 Vials = 8000 IU
07.10.2017	2000 IU x 4 Vials = 8000 IU
08.10.2017	2000 IU x 4 Vials = 8000 IU
09.10.2017	2000 IU x 3 Vials = 6000 IU
10.10.2017	2000 IU x 3 Vials + 250 IU x 1 Vial = 6250 IU
11.10.2017	2000 IU x 3 Vials = 6000 IU
12.10.2017	2000 IU x 2 Vials = 4000 IU
13.10.2017	2000 IU x 2 Vials = 4000 IU
14.10.2017	2000 IU x 2 Vials = 4000 IU
15.10.2017	2000 IU x 2 Vials = 4000 IU
16.10.2017	2000 IU x 2 Vials = 4000 IU
17.10.2017	2000 IU x 2 Vials = 4000 IU
18.10.2017	2000 IU x 2 Vials = 4000 IU
19.10.2017	2000 IU x 2 Vials = 4000 IU
20.10.2017	2000 IU x 2 Vials = 4000 IU

He was discharged on 22.10.2017. We sincerely thank Dr. Deepak Udupudi, General Surgeon & his team for conducting the successful surgery.

## Surgery of Mohamed Rafeek

**Colostomy Surgery Report at Sukshema Hospital  
In Coordination with KHS, Davangere.  
(Dr. Sunil Byadgi, General Surgeon & his team)**

Name of the patient : Shiva Shankar  
Factor deficiency and level : Factor IX (<1 %)  
Age : 22 Years  
Address : S/o Ramana Gowda, Sankalipura, Harihara Taluk, Davanagere  
Date of admission : 10/03/2018  
Date of discharge : 18.04.2018  
Complaints : Prolonged, excessive bleeding after surgery for Appendicular Mass/  
Ileopsoas collection –perforation ( Laparotomy)

Presented with prolonged, excessive bleeding after surgery for Appendicular Mass/ Ileopsoas collection –perforation ( Laparotomy) on **30.03.2018, 6.30 PM**. Staff was sent to Sukshema Hospital where patient is admitted & the detailed history is collected. Emergency Coagulation profile was done & revealed *Factor IX deficiency of 1.5 %* (isolated prolongation of APTT, the correction studies & Factor IX Assay). In addition to the blood transfusion, AHF- Factor IX concentrate (600 IU X 5 vials= 3000 IU) is infused at 7.40 PM & controlled the bleeding. Further maintenance dosage for effective hemostasis is done (till 18.04.2018).

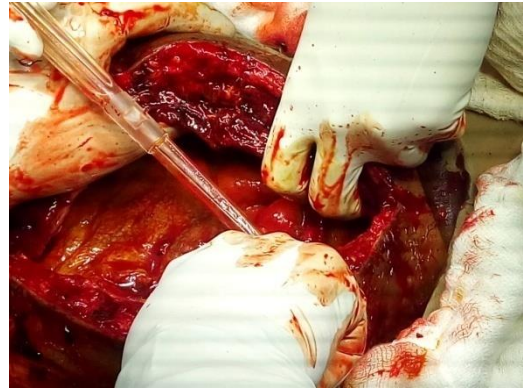

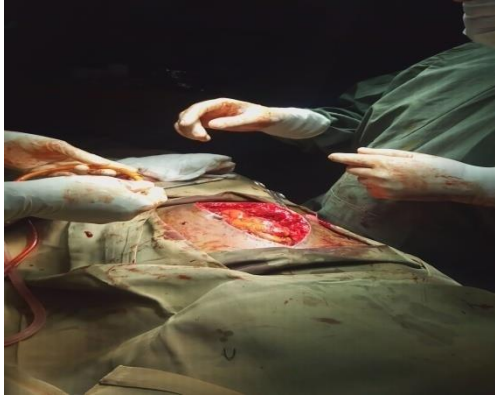

Date	Immunine ( IU)
30/3/2018	600IU X5 VIALS =3000 IU
31/3/2018	600IU X3 VIALS =1800 IU
1/4/2018	600IU X2 VIALS =1200 IU
2/4/2018	600IU X2VIALS =1200 IU
3/4/2018	600IU X2VIALS =1200 IU
4/4/2018	600IU X2VIALS =1200 IU
5/4/2018	600IU X2 VIALS =1200 IU
7/4/2018	600IU X1 VIALS =600 IU
8/4/2018	600IU X1VIALS =600 IU

**On 10.03.2018**, he developed distension of abdomen & surgeon requested for re exploration as he suspected more collection. He was given adequate AHF to raise more than 80 % of hemostasis to avoid complication & the crisis was managed successfully. Colostomy was done & the patient is followed up.

Date	Immunine ( IU)
10/4/2018	600IU X12 VIALS =7200 IU
11/4/2018	600IU X 5VIALS =3000 IU
12/4/2018	600IU X3 VIALS =1800 IU
13/4/2018	600IU X3VIALS =1800 IU
14/4/2018	600IU X3VIALS =1800 IU
15/4/2018	600IU X3VIALS =1800 IU
16/4/2018	600IU X2 VIALS =1200 IU
17/4/2018	600IU X4 VIALS =2400 IU

We sincerely thank National Health Mission, BMCRI, Bengaluru & CG Hospital for the great support for saving Mr Shivashankar with immediate intervention & making the availability of AHF at free of cost.

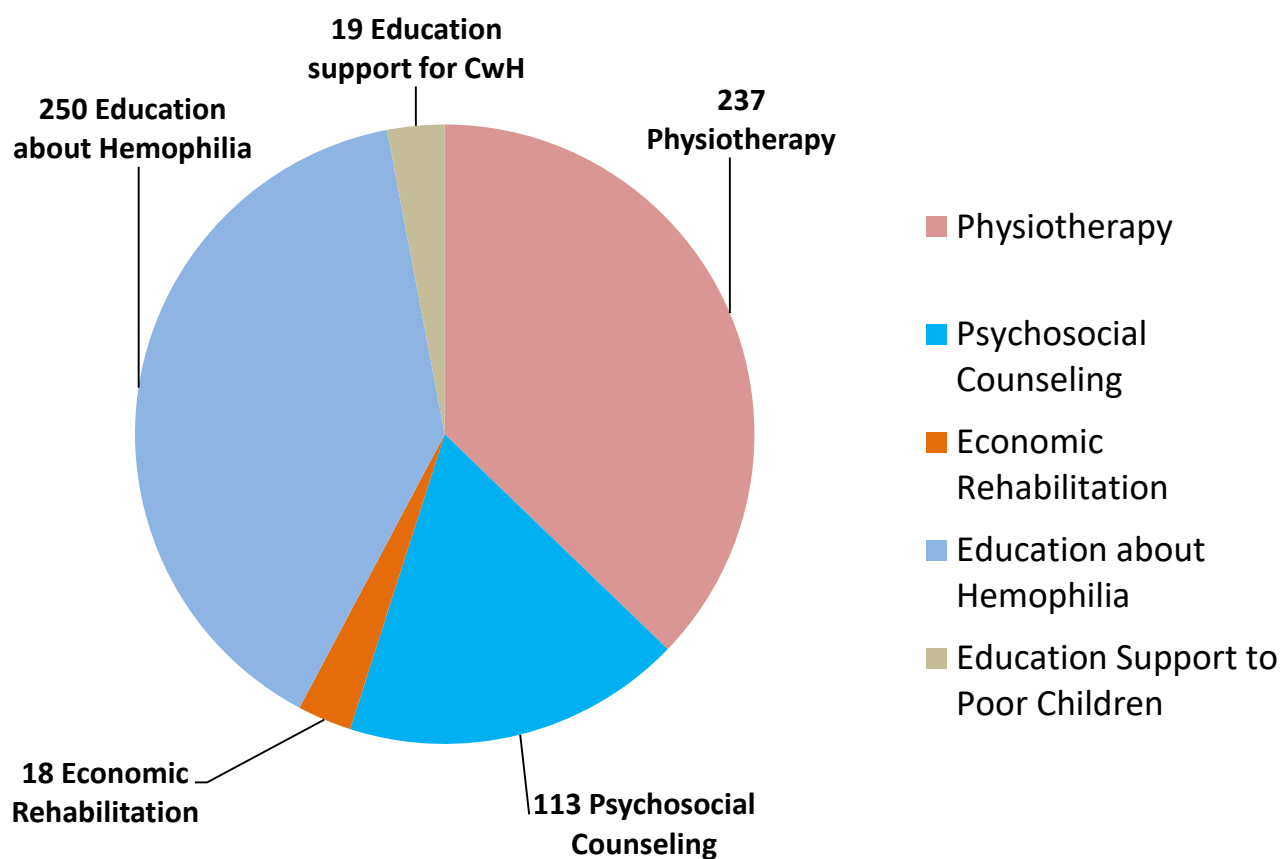

## Colostomy Surgery of Shiva Shankar

## “ANNUAL ACTIVITIES REPORT - 2017-18”

- **International Women’s Day Celebration:**

Celebrated IWD on 23.04.2017. The chief guest for this program was our Youth with Hemophilia, who successfully completed M.com in spite of his difficulties due to hemophilia & getting Government job in City Corporation. Most of our Women shared their experiences & we utilized this opportunity in distributing the *Education Support Cheques* to the 5 Children with Hemophilia.

- **World Hemophilia Day Celebration:**

Innovative way of World Hemophilia Day Celebration with Medical Students of SSIMS, Davangere organized on 24.04.2017. The "Red Tie Challenge" - "Light it up Red" to make the awareness of Inherited bleeding disorders including among Women was highlighted. The program started with lighting the candles appealing... "Hear our Voices....!" The budding doctors & the Faculty signed on the poster of "World Hemophilia Day", pledging

their support to the cause...! Wide Media Coverage created Massive Public Awareness. OUR VOICES ARE HEARD...!

- **Women’s/Youth Group Quarterly Meetings:**

We conduct Women’s/Youth Group Meetings once in 3 months. It’s a platform to discuss various issues & find the proper solution. Subject will be mainly on Economic Rehabilitation, Counselling / Education, Prenatal Diagnosis & Carrier Detection Test (to prevent the birth of expensive children with haemophilia), Personality development, Career counselling and Placement in proper/suitable job and etc.,.

discussed in this forum.

- **Visit of Vice President (Development), HFI:**

Vice President (Development) of HFI visited KHS, Davangere on 10.06.2017. Book written on Hemophilia in 2 languages (Kannada & English) by Dr. Suresh Hanagavadi was released by our chief guest. After the program, there was an interaction session & youths issues were

- **International Yoga Day Celebration:**
